RESORT & SPA

# ENVIRONMENTAL

## INITIATIVES

### Food & Beverage

Support of local food vendors when available, reducing the shipping carbon footprint

Any unused food products, i.e., vegetables, grains, meats, etc. are donated to the local San Antonio Food Bank, when available

All “To Go” containers in the restaurants are biodegradable and/or recyclable

Paper straws and/or corn-plastic offered throughout the Resort which are biodegradable

### Wellness & Golf

Encourage mindfulness toward multi-towel use at Loma de Vida Spa & Wellness

Loma de Vida encourages guests to leave devices behind to decompress & reset for emotional & physical wellbeing

Water filtration systems encourage guests to use their personal water bottles at Loma de Vida

Locker/treatment room amenities are from Tara Spa Therapies, who uses a **100%** solar powered warehouse & recyclable packaging

Recycling of old uniforms, towels, blankets, etc., partnered with Noel Asmar Uniforms

Watering at The Resort Course is based on Evapotranspiration Rate—the rate at which turf loses water to the atmosphere in a day

Native grass areas added throughout The Resort Course & driving range to reduce watering

The Resort Course is Audubon Certified, to help protect the environment

### Resort Cares

Electronic charging stations for electric vehicles—2 Tesla & 2 GE

Recycling of light bulb ballast, light bulbs, & batteries monthly

**100%** of all light bulbs throughout The Resort are LED efficient

Pre-set electronic thermostats in guestrooms minimize consumption

An energy management system is used to control all mechanical, HVAC, chiller & boiler systems and pumping stations

All guest rooms & public area toilets feature **1.4** gallon per flush

Bed linens & towels are changed only upon guest request
